

Spray Painter - Job Specification

Job Role: Spray Painter
Reporting to: Production Foreman
Working Hours: 7.00 am – 3.30 pm Monday to Friday (Overtime on Weekdays and Saturdays will be available from time to time)
Location: Stocks Ag – Wisbech.

Job Description:

Stocks AG are looking for an experienced proficient Spray Painter to prepare and paint its range of Agricultural Wheels and Applicators to a high standard. You will work as part of the small production team and be responsible for preparing products for paint and maintaining the high quality finish of the product. Overtime may be required during the week and/or on Saturdays at certain times of the year dependant on demand.

Responsibilities:

- Pre painting preparation and clean down
- Spray Painting
- Paint and materials stock control.
- Maintaining a clean, tidy and safe work area.

Required Experience and Knowledge:

The ideal candidate will have:

- An understanding of required preparation techniques.
- Experience of spray painting with varied types of single and two coat products
- Ability to paint varied shapes and types of product to a high standard.

Key skills required in this role:

- Ability to take instruction, self motivate and complete a job to a high standard.
- Understanding of management and handling of paint products and solvents.
- Be able to work efficiently and minimise waste of consumable materials and paint.
- Good communication skills and ability to work as part of a team
- Attention to detail.

What we offer:

- Competitive remuneration package
- Overtime as available
- 25 Days Holiday plus Bank Holidays
- Training as required
